Description

Hello,
I would like to display the spent time for each Tracker in the overview of a project. It would be helpful so we can have a better idea of the impact (in time) of each kind of activity. For example 10 hours for bugs, 15 hours for feature etc. And I wanted these times to be displayed in front of each tracker in overview menu (or somewhere else as soon as it is accessible).

History

#1 - 2014-07-17 02:05 - Toshi MARUYAMA

- Tracker changed from Defect to Feature

- Priority changed from Urgent to Normal
