

Redmine - Defect #17577

<code> blocks have no numbers, help shows line numbers for <code> blocks though

2014-07-29 11:52 - Felix Schäfer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:		Affected version:	2.5.2
Resolution:	Duplicate		
Description			
The detailed wiki syntax help shows line numbers for code blocks in wiki syntax source:/branches/2.5-stable/public/help/en/wiki_syntax_detailed.html#L275 , currently the wiki syntax doesn't show them though:			
<pre># The Greeter class class Greeter def initialize(name) @name = name.capitalize end def salute puts "Hello #{@name}!" end end</pre>			
Should the line numbers be added to the code blocks or the line numbers be removed from the detailed help?
