Description

Hello,

I have noticed that something is wrong with the reminder-function.

following runs ervery weekday on the server:
rake redmine:send_reminders days=0 RAILS_ENV="production"

I created a Test-issue on 30.06., with the same due-date.
It was set from "open" to "in work" on 01.07.

Reminding-Mails were sent on the following dates:
03.07.
04.07.
10.07.
11.07.
14.07.
15.07.
16.07.
The issue is still "in work" but since the 16.07. reminding-mails aren't sent anymore.

The task runs fine.

Any ideas?
