Update : only if issues **sorted by parent task** :

```
.issues.sort-by-parent.sort-asc td.subject {  
    font-weight:bold;  
}  
  
.issues.sort-by-parent.sort-asc tr[class*='idnt-'] td.subject {  
    font-weight:normal;  
}
```

I suppose that because it's only css modifications, it can be put in a theme.

So you can close this issue.
