## Redmine - Defect #18285

## Use Hidden custom fields at Spent Time Report and Details

2014-11-05 17:45 - Dariusz Kowalski

| Status:                                                                                                                                                                                                                           | New           | Start date:       |           |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|-------------------|-----------|
| Priority:                                                                                                                                                                                                                         | Normal        | Due date:         |           |
| Assignee:                                                                                                                                                                                                                         |               | % Done:           | 0%        |
| Category:                                                                                                                                                                                                                         | Custom fields | Estimated time:   | 0.00 hour |
| Target version:                                                                                                                                                                                                                   |               |                   |           |
| Resolution:                                                                                                                                                                                                                       |               | Affected version: | 2.5.1     |
| Description                                                                                                                                                                                                                       |               |                   |           |
| I have added new Custom fields to Project and User.<br>They are not public information that I turn of Visibility of them.<br>I also selected Searchable and Used as a filter because I want<br>to use them at Spent Time reports. |               |                   |           |
| I found that it doesn't work - and I don't see custom fields.                                                                                                                                                                     |               |                   |           |
| I start working when I turn visibility on.                                                                                                                                                                                        |               |                   |           |
| I think this is not how it should work.                                                                                                                                                                                           |               |                   |           |
| Could you help me?                                                                                                                                                                                                                |               |                   |           |
