

## Redmine - Patch #18290

### Issue performance patch

2014-11-06 10:20 - Ondřej Ezr

<b>Status:</b> Closed	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b> Jean-Philippe Lang	<b>% Done:</b> 0%
<b>Category:</b> Code cleanup/refactoring	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> 3.0.0	
<b>Description</b>	
Issue safe_attribute 'is_private' cause a author loading if not necessary in some situations, and status_id_was is same as status_id, and it is not preventing loading if not changed.	
Please accept, I hate patch all method, cuz one line change :(

#### Associated revisions

##### Revision 13576 - 2014-11-08 12:09 - Jean-Philippe Lang

Prevents author load (#18290).

Patch by Ondřej Ezr.

##### Revision 13577 - 2014-11-08 12:17 - Jean-Philippe Lang

Prevents a status load in #status\_was when status is not changed (#18290).

#### History

##### #1 - 2014-11-08 05:50 - Mischa The Evil

- Category set to Code cleanup/refactoring

##### #2 - 2014-11-08 12:22 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Target version set to 3.0.0

The author load fix is committed in r13576.

The second part is not OK and breaks a bunch of tests because #status\_was would return nil if status was not changed, where it should return the current status. Fixed in r13577.

The last part is no longer in sync with trunk.

Thanks for your submission.

##### #3 - 2016-01-10 07:30 - Go MAEDA

- Duplicated by Patch #17880: Performance issues on Issue model added
