Description

Hi huys, i have installed redmine on my Windows Server 2012.
I have installed bitnami-rubystack-2.0.0-23 and then as a module bitnami-redmine-2.6.0-1-module-windows-installer

I am having big troubles with DMSF, because i am not able to install it.
Everytime i place a folder at ../plugins the thin_redmine stoped working.

Any help please, i would appreciate
