Redmine - Defect #1855

Bad link parsing in the wiki

2008-09-04 09:27 - Vianney Lecroart

Status:	Closed		**Start date:**	2008-09-04
Priority:	Normal		**Due date:**

Target version:				
Resolution:	Duplicate		**Affected version:**	

Description

I want to point **Cg** to the wikipedia url http://en.wikipedia.org/wiki/Cg_(programming_language)

so I added : between Cg and the url and it give:

Cg

The closing parenthesis is not inside the url. As you can see, it doesn't work neither if you put the direct link.

History

#1 - 2008-09-04 10:13 - Vianney Lecroart

Okay the problem comes from redcloth.rb
I don't really know which regexp we need to fix :/

#2 - 2008-09-04 10:14 - Vianney Lecroart

The current workaround is to replace the) with %29

#3 - 2008-09-04 11:53 - Paul Rivier

this is a duplicate of #1591.
By the way, a working patch is available there.

#4 - 2008-09-13 18:42 - Jean-Philippe Lang

- *Status changed from New to Closed*

- *Resolution set to Duplicate*

Duplicates #1591 as Paul said.
