

Redmine - Defect #18605

Wrong usage of logger.info to test log level

2014-12-09 10:41 - Jérôme BATAILLE

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	3.0.0	Affected version:	
Resolution:	Fixed		
Description			
logger.info (instead of logger.info?) can trigger an error			
Line 185 :			
logger.info "time entry could not be updated: #{time_entry.errors.full_messages}" if logger && logger.info			
replace by :			
logger.info "time entry could not be updated: #{time_entry.errors.full_messages}" if logger && logger.info?

```

| In which circumstances?

In fact it can't because nil is managed as the default value.

But `logger.info` always return true (<http://www.ruby-doc.org/stdlib-2.0/libdoc/logger/rdoc/Logger.html#method-i-add>), so you can't use `logger.info` to detect if info level is enabled.

#4 - 2014-12-14 22:54 - Jean-Philippe Lang

- Subject changed from *Typo in app/controllers/timelog_controller.rb* to *Wrong usage of logger.info to test log level*
- Category changed from *Time tracking* to *Code cleanup/refactoring*
- Status changed from *New* to *Closed*
- Assignee set to *Jean-Philippe Lang*
- Target version set to *3.0.0*
- Resolution set to *Fixed*

Fixed in r13766 with another one, thanks.

#5 - 2014-12-14 22:56 - Jérôme BATAILLE

Thanks a lot again ! :-)
