Description	
<p>It would be nice to have to possibility to assign users to a manager. Every time a user is assignee to a issue his manager shall be added automatically as watcher.</p> <p>Thank you</p>	

History

- Status changed from New to Needs feedback

Please describe more details.

#2 - 2015-01-08 08:51 - Eugen Morjolic

The use of this feature is that a manager need to be aware of all issues assigned to users from his team, so adding it automatically as watcher will allow him to receive e-mail notifications
