Target version:	2.6.1	Affected version:	
Resolution:	Fixed		
Description			
Hi,			
I noticed that the attachment content type is not set when uploading an attachment. Do you also experience this behaviour?			
I think this is caused by setting the file contents before setting the file name. (The content type is determined by the file name).			
I have attached a patch (from my personal Git repo) which resolves this problem.			
Regards, Thomas			

Associated revisions

Revision 13787 - 2014-12-21 22:02 - Jean-Philippe Lang

Attachment content type not set when uploading attachment (#18667).

Revision 13803 - 2014-12-26 11:46 - Jean-Philippe Lang

Merged r13787 (#18667).

Revision 13810 - 2014-12-26 12:46 - Jean-Philippe Lang

Fixed order syntax for Rails 3 (#18667).

History

#1 - 2014-12-21 22:03 - Jean-Philippe Lang

- Status changed from New to Resolved
- Assignee set to Jean-Philippe Lang
- Target version set to 2.6.1
- Resolution set to Fixed

Fixed in [r13787](#), thanks for reporting this. The fix was done at model level instead.

#2 - 2014-12-26 11:46 - Jean-Philippe Lang

- Status changed from Resolved to Closed
