

Redmine - Patch #18923

Git: fix empty repository.tags

2015-01-21 09:54 - Nicolas Rodriguez

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:			
Description			
in lib/redmine/scm/adapters/git_adapter.rb the tags method should return @tags as last statement :			
<pre>def tags return @tags if @tags cmd_args = %w tag git_cmd(cmd_args) do io @tags = io.readlines.sort!.map{ t t.strip} end @tags rescue ScmCommandAborted nil end</pre>			
otherwise get an empty string.

But, I have committed in trunk [r13926](#) and [r13927](#).

It works :)

Thank you!
