

Redmine - Feature #19112

Markdown for specific projects

Category: Text formatting	Estimated time: 0.00 hour
Target version:	
Resolution: Duplicate	
Description	
Problem In our redmine we have a lot of textile formatted wiki pages. In new projects, we really want to use markdown as markup language, but unfortunately it's impossible to switch on markdown markup for specific project, and enabling markdown for all project will lead to very bad consequences (e.g., all textile formatted pages in other projects will be broken).	
Solution Implementation of enabling markdown formatting for only specific projects.
