Redmine - Defect #196

cvs error - (cvsnt)

2008-01-22 09:12 - Cristian Molina

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	

Description

cvs [rlog aborted]: Absolute module reference invalid: `/repositories/webApplications/pscsRepository/'
Unknown command: `rls'

environment:
windows xp
cvsnt 2.0.51d

the command rls is not listed here
http://www.cvsnt.org/wiki/CvsCommand

Is redmine, cvsnt compatible?

History

#1 - 2008-01-23 12:27 - Jean-Philippe Lang

This bug is not related to Redmine.
You need cvs 1.12 as mentionned here:
http://www.redmine.org/wiki/redmine/RedmineRepositories
If cvsnt doesn't support rls, it won't work. Sorry.
