

Redmine - Defect #19621

502 Bad Gateway when i upload files > 100kb

2015-04-14 13:45 - Jean Beaurepaire

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:		Affected version:	1.4.4
Resolution:	Invalid		

Description

Hello,

I use the REST Api with Json, and i use Java langage.
This is my code :

```
File fileJeuxDonnees = new File("tryAgain.zip");
InputStream content = new FileInputStream(fileJeuxDonnees);
final HttpPost request = new HttpPost(uploadURI);
final MultipartEntityBuilder multipartEntity = MultipartEntityBuilder.create();

/* Content type required by a Redmine */
multipartEntity.addBinaryBody("uploadFile", content, ContentType.APPLICATION_OCTET_STREAM ,
null);

HttpEntity entity = multipartEntity.build();
request.setEntity(entity);
final HttpClient httpClient = new DefaultHttpClient();
HttpResponse httpResponse = httpClient.execute((HttpRequest) request);
```

If i upload small zip file size (~10ko), it's ok, but if i try to upload a zip file of 1155Ko for example, the response of the server on the param

httpResponse

is :

```
<!DOCTYPE HTML PUBLIC "-//IETF//DTD HTML 2.0//EN">
<html><head>
<title>502 Bad Gateway</title>
</head><body>
<h1>Bad Gateway</h1>
<p>The proxy server received an invalid
response from an upstream server.<br />
</p>
<hr>
<address>Apache/2.2.15 (Red Hat) Server at ***** Port 443</address>
</body></html>
```

My version of Redmine is 1.4.4 and i can't change.
What is the problem ?

History

- #1 - 2015-04-14 14:11 - Toshi MARUYAMA
- Status changed from New to Closed
 - Resolution set to Invalid

[1.4.4](#) is too old.

Current support version is 2.6 and 3.0.

"502 Bad Gateway" is proxy response.

Check your Redmine log.

#2 - 2015-04-14 15:06 - Jean Beaurepaire

On the wiki, i can read than the Attachments was added in 1.4 and have a compability with 1.3..

And i didn't saw error trace on the Redmine log.
