Redmine - Defect #19786

'%' and '_' are treated as SQL wildcards in issue filter

2015-05-08 06:43 - Go MAEDA

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Fixed		**Affected version:**	3.0.2

Description

Please see the following screenshot. "m_nag%r" matches "manager". Is this an expected behavior?

- Related to Feature #13347: Filtering by issue subject with wildcard added

#3 - 2019-08-21 15:30 - Stéphane Frath

'%' works as wildcard for me, but '_' does not always work.
I was looking for the wildcard character and found your defect, please do not fix it :)

#4 - 2021-04-12 08:55 - Go MAEDA

- Related to Feature #35073: Escape values in LIKE statements to prevent injection of placeholders (_ or %) added

#5 - 2021-11-14 08:21 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Fixed

Fixed by #35073.

In the upcoming Redmine 5.0, SQL wildcards will no longer be available, but multiple keywords AND search will be supported instead (#35764).
