Redmine - Feature #19828

Rest API for projects - filter on project status.

2015-05-13 17:10 - Ryan Eberly

Status:	Closed		**Start date:**	
Priority:	Low		**Due date:**	
Assignee:			**% Done:**	0%
Category:	REST API		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate			

Description
Our company uses redmine to track projects for a period of time, and then close them. We have a few hundred projects in redmine - most of them closed.
[Rest_Projects](#)
It would be good to be able to return only open projects via the rest API.
For example:
/projects.xml?status=1
or
/projects.json?status=1

all? returns true for [], so you need to put assert json['projects'].any? before assert json['projects'].all? {|p| p['status'] == 1} to confirm filtering projects.

#6 - 2019-07-06 04:25 - naoki takaesu

- File 19828-reset-api-filter-on-project-status-v2.diff added

projects.

Hi Seiei,
Thank you for the review.
I am glad to know it.
I will attach the second patch.
