Description			
Hello!			
It would be really great if we could copy time entries or make a single time entry for a date range rather than entering same entries for each day.

- Category changed from Issues to Time tracking

#3 - 2016-06-07 10:07 - Ivan Kvetkin

Good idea. We are using Redmine to setting a holiday period. It feature would reduce the time.

#4 - 2017-07-28 18:07 - Denise Sala

This would be great for me! I usually update my project hours once a week. This feature would save me a lot of time.
