Redmine - Defect #20018

Duplicate activities in time entry report when project-specific activies exist

2015-06-04 15:04 - Stephane Evr

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Go MAEDA		**% Done:**	0%
Category:	Time tracking		**Estimated time:**	0.00 hour
Target version:	4.2.4			
Resolution:	Fixed		**Affected version:**	3.2.2

Description

When using the report tool by Activity, it appears that some activities are repeated in the list, instead of being aggregated. The activities concerned are all used in several projects.

Example:

Observed:

```
Activity    Total
X           3
X           4
Y           5
Y           6
Z           7
```

Expected:

```
Activity    Total
X           7
Y           11
Z           7
```

If we apply the filter by projects, then by activities, there are no duplicates, everything works fine:

```
Project Activity    Total
1       X           3
1       Y           5
2       X           4
2       Y           6
2       Z           7
```

- Status changed from New to Needs feedback

Do you mean time time entry report?
And give us more information: **Submissions**.

#2 - 2015-07-02 13:30 - Stephane Evr

Yes, I mean the time entry report in general, not for a particular project.

```
Environment:
  Redmine version            3.0.1.stable.14155
  Ruby version               2.2.1-p85 (2015-02-26) [x86_64-linux]
  Rails version              4.2.1
  Environment                production
  Database adapter           Mysql2
SCM:
  Subversion                 1.8.8
  Git                        1.9.1
  Filesystem
```

here is an extract of my database for enumerations. I found several entries for the same name, which are linked to different projects:

```
mysql> select * from enumerations order by name;
+-----+------------------------------+----------+------------+-------------------+--------+------------+----------
------+--------------+
| id  | name                         | position | is_default | type              | active | project_id | pare

   19 | NULL          |
```

#3 - 2015-07-09 10:36 - Stephane Evr

- File report_activities.PNG added

- File report_activities_projects.PNG added

Here is what I get for an activity called "Other":

  report_activities.PNG
Now, If I add the "Projects" column (Each line is a different project):

  report_activities_projects.PNG

Could reproduce the bug as described on a freshly launched Bitnami redmine demo instance (https://bitnami.com/launch/redmine/aws/now):

```
Environment:
  Redmine version            3.2.1.stable
  Ruby version               2.1.8-p440 (2015-12-16) [x86_64-linux]
  Rails version              4.2.5.2
  Environment                production
  Database adapter           Mysql2
SCM:
  Subversion                 1.8.13
  Cvs                        1.12.13
  Git                        2.6.1
  Filesystem
Redmine plugins:
  no plugin installed
```

Steps to follow using a fresh redmine install:

Create a new activity, do not check "Active":

  1.PNG
Create two projects "Test A" and "Test B". Don't need to set any specific param, appart from the "Activities (Time tracking)" tab. Do as follows for each project, then save:

  2.PNG
Now that the activities are activated, time to log some time on each project:

  3.PNG
and

  4.PNG
Then click 1, then 2 on following:

  5.PNG
Then click on the "Report" Button

  6.PNG
Then click "Activity" in the Add section:

  7.PNG
Result:

  8.PNG
I hope these instructions are clear enough to be reproduced :)

|
| 45 | test0003 |        6 |          0 | TimeEntryActivity |      1 |          2 |        33 | NULL
|
+----+----------+----------+------------+------------------+--------+------------+-----------+---------------
+
3 rows in set (0.00 sec)
```

#10 - 2017-05-30 11:48 - Stephane Evr

up

This still happens on Redmine 3.3.0.stable

#11 - 2021-12-06 06:47 - Yuichi HARADA

- File 20018.patch added

I also confirmed(trunk: [r21299](#)). I think the following patch will solve it.

```
diff --git a/lib/redmine/helpers/time_report.rb b/lib/redmine/helpers/time_report.rb
index 89b94ec3c4..1cf4604438 100644
--- a/lib/redmine/helpers/time_report.rb

#12 - 2021-12-19 08:33 - Go MAEDA

- Target version set to Candidate for next minor release

#13 - 2021-12-30 10:04 - Go MAEDA

- Target version changed from Candidate for next minor release to 4.2.4

Setting the target version to 4.2.4.

#14 - 2022-01-19 14:34 - Go MAEDA

- Subject changed from Duplicate activities in time entry report of project specific TimeEntryActivity to Duplicate activities in time entry report when project-specific activies exist

- Status changed from Confirmed to Resolved

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the patch. Thank you for your contribution.

#15 - 2022-01-29 07:19 - Go MAEDA

- Status changed from Resolved to Closed
