<b>Description</b>			
z-index should be set to a higher value than 100 to be displayed correctly.			

#### History

##### #1 - 2015-08-23 06:22 - Nicolas Rodriguez

A value of 1000 does the trick.

##### #2 - 2015-08-24 16:34 - Etienne Massip

Could you please give details?

- *File test - Redmine.png added*

I maintain [Redmine Git Hosting](#) plugin and I use modal boxes to render forms.

When I click on submit, the Ajax indicator (the div that displays the spinner with "loading...") is not visible unless the z-index is set to a higher value.
