

Redmine - Defect #20910

Hierarchy in TOC is not preserved when Wiki index is exported to HTML

2015-10-06 12:13 - Serguei Tarassov

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Wiki	Estimated time:	0.00 hour
Target version:	4.1.0	Affected version:	2.4.2
Resolution:	Fixed		
Description			
When exporting HTM from Wiki (from index page) the resulting document has following errors :			
<ul style="list-style-type: none">• TOC items hierarchy is not supported, only one-level list is exported• images links are incomplete with "/redmine/xxx". Full path to images is expected to see them.

I wrote a patch to solve these two problems.
(It may be better to divide the issues...)

images links are incomplete with "/redmine/xxx". Full path to images is expected to see them.

☐☐→ attachment:0001-Change-the-file-path-of-html-image-to-be-exported-to.patch

TOC items hierarchy is not supported, only one-level list is exported

☐☐→ [0002-Nest-the-exported-html-table-of-contents.patch](#)

By applying the patch, I think the exported HTML will be easier to see.

The patch is identical to [#16446](#), which I have just committed as [r17229](#). Let's discuss the patch 0002 on this issue.

I did not notice that the same patch already exists.
I am glad that the image link has been changed to a Full path.

Patch 0002 changes the heading of exported wiki HTML as follows. (Nest wiki titles)

before	after
before.png	after.png

#7 - 2018-03-28 09:33 - Go MAEDA

- File deleted (0001-Change-the-file-path-of-html-image-to-be-exported-to.patch)

#8 - 2018-03-28 09:34 - Go MAEDA

- Target version set to Candidate for next major release

#9 - 2019-05-06 15:59 - Go MAEDA

- File 20910-v2.patch added
- Target version changed from Candidate for next major release to 4.1.0

Updated the patch for the current trunk.

#10 - 2019-05-09 16:41 - Go MAEDA

- Subject changed from Wiki HTML export bugs to Hierarchy in TOC is not preserved when a Wiki page is exported to HTML

#11 - 2019-05-09 17:19 - Go MAEDA

- Subject changed from Hierarchy in TOC is not preserved when a Wiki page is exported to HTML to Hierarchy in TOC is not preserved when Wiki index is exported to HTML
- Status changed from New to Closed
- Assignee set to Go MAEDA
- Resolution set to Fixed

Committed the patch with slight changes. Thank you for the fix.
