Redmine - Feature #20991

Raise maximum length of category name to 60

2015-10-14 15:25 - Deoren Moor

Target version:	3.2.0			
Resolution:	Fixed			

Description

Because subcategories isn't yet a thing, we often use prefixes for categories in our projects to help group them under a common "heading". Because of the prefix, this makes naming some of the categories challenging. Please consider increasing the limit, perhaps as much as 2x the current value.

Thanks.
