<b>Target version:</b>		<b>Affected version:</b>	3.2.0
<b>Resolution:</b>			
<b>Description</b>			
Assume that Textile formatter is parsing the following text.			
URI that uses the <code>https:// scheme</code>			
Expected output is:			
<code>&lt;a class="external" href="https:// scheme"&gt;https://&lt;/a&gt; scheme</code>			
But actual output is:			
<code>&lt;a class="external" href="https:// scheme"&gt;https:// scheme&lt;/a&gt;</code>			
I think auto-link should not jumps over the space character.
