

Redmine - Patch #21587

Additional view hook for body_top

2015-12-23 00:29 - Tobias Fischer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Hook requests	Estimated time:	0.00 hour
Target version:	3.3.0		
Description			
Any chance to add the following one-liner to add another hook at the beginning of the body element like we have it at the bottom? Let's call it <code>view_layouts_base_body_top</code> (analogous to <code>view_layouts_base_body_bottom</code>).			
<pre></head> <body class="<%=h body_css_classes %>"> <%= call_hook :view_layouts_base_body_top %> <div id="wrapper"></pre>			
It's a one-liner, it doesn't need tests, it doesn't break anything – please merge this in the next minor release.			
This could be used by plugin authors like me to display additional information at the top of the page...			
<i>This is a duplicate of #17454 which doesn't seem to draw attention to the developers as it's just another Feature Request among 20.000 others and can't be changed to the tracker "Patch" to appear in the patch queue... If someone of the Redmine team ever reads this, please consider changing permissions for ticket authors to allow them to switch the Tracker for their tickets...</i>

- Priority changed from High to Normal

- Target version set to 3.3.0

+1 for this suggestion. Updated the patch for 3.2.0.devel.15067.

There are following 3 hooks in `app/views/layouts/base.html.erb`. I think we would be better to add `:view_layouts_base_body_head`, corresponding with `:view_layouts_base_body_bottom`.

- `:view_layouts_base_html_head`
- `:view_layouts_base_content`
- `:view_layouts_base_body_bottom`

#3 - 2016-01-18 13:28 - Tobias Fischer

Thanks for review and assigning to 3.3 !

Regarding the naming:

I personally would stick to my suggestion `:view_layouts_base_body_top` and not use `:view_layouts_base_body_head` as it might be confusing

whether it applies to the <head> or the <body> element.
Also, other view hooks which insert things at the start are named `_top`:

- `:view_issues_new_top`
- `:view_account_login_top` (and correspondent `:view_account_login_bottom`)

Sorry, my comment on [#21587#note-2](#) has an error. Please interpret `:view_layouts_base_body_head` as `:view_layouts_base_body_top`.
No problem in the patch [Additional-view-hook-body_top_v2.patch](#).

#5 - 2016-01-20 10:22 - Jean-Philippe Lang

- *Status changed from New to Closed*
- *Assignee set to Jean-Philippe Lang*

Committed, thanks.

#6 - 2016-01-20 14:57 - Tobias Fischer

Great, thanks! :)
