

Redmine - Defect #21642

The Textile table don't support the tr class attributes

Target version:		Affected version:	3.2.0
Resolution:			

Description

A simple table like:

```
| Hallo | Test |  
(test). | Class | table |
```

Should lead to the following output:

```
<table>  
<tbody>  
<tr>  
<td> Hallo </td>  
<td> Test </td>  
</tr>  
<tr class="test">  
<td> Class </td>  
<td> table </td>  
</tr>  
</tbody>  
</table>
```

And if the class isn't defined the table should look identical.

But in Redmine the table will look like:

Hallo	Test	(test).	Class	table
-------	------	---------	-------	-------
