Target version:			
Resolution:	Invalid		
Description			
Example:			
We want use Ckedit in issue, use Markdown in wiki. But it must be same?			

History

#1 - 2016-02-15 11:53 - Toshi MARUYAMA

- Category deleted (Wiki)
- Status changed from New to Closed
- Resolution set to Invalid

If you said about CKEditor, it is not Redmine core.

#2 - 2016-02-15 11:56 -

- Status changed from Closed to Reopened

What about Textile in issue, Markdown in wiki. Must be same or not?

#3 - 2016-02-15 12:05 - Toshi MARUYAMA

- Status changed from Reopened to Closed

See [#8095](#).
