

## Redmine - Feature #2209

### MIME type support for repository Entries

2008-11-17 20:56 - Vincent Castellano

<b>Description</b>	
I didn't like that images didn't just load in the browser that were in a repository, and felt there should be some MIME support, so I gave it a shot. I think it works for any files (with MIME type or not, which just defaults to the old behavior). I don't know the Redmine code base well, and I'm not a Ruby programmer, so it was a quick attempt.

#### History

##### #1 - 2008-11-17 20:57 - Vincent Castellano

- File *MimeType.patch* added

##### #2 - 2008-11-18 01:30 - Chris Cumber

A slight fix: I think line #125 should read:

```
send_data @content, :filename => fn, :type => type, :disposition => 'inline'
```

rather than:

```
send_data @content, :filename => fn, :type => type, => 'inline'
```

##### #3 - 2008-11-18 09:16 - Patrick Hurrelmann

+1, I like it very much. It keeps annoying me that files won't open in the browser even if the mime-type in the repository are set properly.

##### #4 - 2009-07-16 14:45 - Ammler \_

+1

##### #5 - 2009-07-18 18:16 - Chris Grieger

- File *dl\_repo\_files\_with\_MimeType\_r2823.patch* added

Patch for the current #2823 revision.

**#6 - 2011-03-23 10:57 - Toshi MARUYAMA**

- Category set to *SCM*

**#7 - 2011-03-23 10:59 - Toshi MARUYAMA**

- Status changed from *New* to *7*

- Assignee set to *Toshi MARUYAMA*

**#8 - 2011-03-23 12:09 - Toshi MARUYAMA**

- Tracker changed from *Patch* to *Feature*

**#9 - 2011-03-23 12:12 - Toshi MARUYAMA**

- % Done changed from *0* to *70*

As I described at #4477, I implemented this feature at r5210.

I don't know whether "inline" needs or not.

**#10 - 2013-01-13 21:06 - Jean-Philippe Lang**

- Status changed from *7* to *New*

**#11 - 2013-01-13 23:10 - Toshi MARUYAMA**

- Assignee deleted (*Toshi MARUYAMA*)
