Redmine - Defect #22342

When copying issues to a different project, subtasks /w custom fields not copied over

2016-03-29 20:37 - Joe Price

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Jean-Philippe Lang	**% Done:**	0%
Category:	Custom fields	**Estimated time:**	0.00 hour
Target version:	3.2.2		
Resolution:	Fixed	**Affected version:**	3.2.0

Description

My environment:

```
Environment:
  Redmine version                 3.2.0.stable
  Ruby version                    2.0.0-p481 (2014-05-08) [x86_64-openbsd]
  Rails version                   4.2.5
  Environment                     production
  Database adapter                Mysql2
SCM:
  Subversion                      1.8.9
  Filesystem
Redmine plugins:
  no plugin installed
```

Redmine production.log:

```
Could not copy subtask #1878 while copying #1874 to #1993 due to validation errors: JobNumber cann
ot be blank
Could not copy subtask #1879 while copying #1874 to #1993 due to validation errors: JobNumber cann
ot be blank
Could not copy subtask #1884 while copying #1874 to #1993 due to validation errors: JobNumber cann
ot be blank
Could not copy subtask #1886 while copying #1874 to #1993 due to validation errors: JobNumber cann
ot be blank
Could not copy subtask #1888 while copying #1874 to #1993 due to validation errors: JobNumber cann
ot be blank
```

JobNumber *IS* there in the subtasks. Both the source and target projects have the same fields.

Copying to the same project works, but copying to a different project has the above error.

Originally discussed here: Custom fields not copied over projects

Associated revisions

Revision 15318 - 2016-04-11 19:11 - Jean-Philippe Lang

Fixed that subtasks lose their custom fields when copying an issue to a different project (#22342).

Revision 15329 - 2016-04-12 18:55 - Jean-Philippe Lang

Merged r15318 and r15319 (#22342).

History

#1 - 2016-03-29 20:39 - Joe Price

A work around is to copy issues with subtasks using custom fields to the same project and then move the issues to another project.

#2 - 2016-04-10 23:22 - Jean-Philippe Lang

- Target version set to 3.2.2

#3 - 2016-04-11 19:12 - Jean-Philippe Lang

- Subject changed from When copying issues, subtasks /w custom fields not copied over to When copying issues to a different project, subtasks /w custom fields not copied over

- Status changed from New to Resolved

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Fixed in r15318.

#4 - 2016-04-12 18:55 - Jean-Philippe Lang

- Status changed from Resolved to Closed

#5 - 2016-04-28 11:55 - Toshi MARUYAMA

- Description updated

#6 - 2017-02-22 21:45 - Mischa The Evil
