

Redmine - Patch #2289

Patch for #2282 (show project name in front of related issues)

2008-12-06 23:45 - Mischa The Evil

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	0.8		

Description

Stephanie Collett wrote in #2282:

One of Redmine's strengths is the ability to relate issues in different projects. However, when reading the related issues for a particular issue, the projects these related issues are in is unclear. It would be nice to have the project named displayed like it is in the general issues page.

This patch modifies the issue_relations-partial in a way that it displays the project-name in front of the related issues when the setting "cross_project_issue_relations" is true (on).

Examples:

- Setting "cross_project_issue_relations" false: related_issues_before.jpg
- Setting "cross_project_issue_relations" true: related_issues_after.jpg

Related issues:

Related to Redmine - Feature # 2282: Display project name for related issues ... **Closed** **2008-12-05**

History

#1 - 2008-12-06 23:49 - Mischa The Evil

- File show_related_issues_project-r2092.diff added

Ouch... Forgot to attach the actual patch. Here it is...

#2 - 2008-12-07 09:49 - Jean-Philippe Lang

- Status changed from New to Closed

- Target version set to 0.8

Added in r2101 with slight changes. Thanks.

#3 - 2008-12-08 18:36 - Stephanie Collett

Thanks for the fix and commit.
