| <p>The following contexts are maintained independently even though they share same contents.</p> <ul style="list-style-type: none">• Textile<ul style="list-style-type: none">◦ wiki page: RedmineTextFormattingTextile◦ help HTML: source:trunk/public/help/en/wiki_syntax_detailed_textile.html• Markdown<ul style="list-style-type: none">◦ wiki page: RedmineTextFormattingMarkdown◦ help HTML: source:trunk/public/help/en/wiki_syntax_detailed_markdown.html <p>I'd like to propose the following procedure to maintain them.</p> <ul style="list-style-type: none">• use the wiki pages as master files<ul style="list-style-type: none">◦ don't the help HTML files directly• the two miki pages include a wiki page for shared contents, Readmine links (done in #16373-26) | | | |

History

#1 - 2016-07-23 17:46 - Hiroo Hayashi

- File [wiki_syntax_detailed_textile.html](#) added

- File [wiki_syntax_detailed_markdown.html](#) added

I updated [RedmineTextFormattingTextile](#) and [RedmineTextFormattingMarkdown](#). ([#16373-27](#))

Please double check if I did not break anything.

The attached are help HTML files generated from the wiki pages above. Use them as help file, [source:trunk/public/help/en/wiki_syntax_detailed_textile.html](#) and [source:trunk/public/help/en/wiki_syntax_detailed_markdown.html](#).

#2 - 2016-07-29 22:23 - dumb blob

Hiroo Hayashi wrote:

Please double check if I did not break anything.

I've checked them and both seem to be OK. Thanks for the update.

#3 - 2016-07-30 06:22 - Hiroo Hayashi

- File [wiki_syntax_detailed_markdown.html.patch](#) added

'dumb blob',

Thank you for your checking.

Maruyama-san,

If you see no problem, please commit HTML files on note 1.

BTW I made some additional minor fixes on [RedmineTextFormattingMarkdown](#).

- use and instead of <notextile>
- remove unnecessary line-breaks

The attached is the patch for the HTML file.

#4 - 2019-10-23 16:54 - PICCORO LenzMcKAY

hey.. the markdown and textile help are confuised.. it said ;

```
!{{include(Foo)}}
```

but must be

```
{{include(Foo)}}
```

see [#32328](#)
