

Redmine - Feature #24015

Do not hide estimated_hours label when value is nil

Category: Issues	Estimated time: 0.00 hour
Target version: 3.4.0	
Resolution: Fixed	
Description	
<p>Currently the estimated_hours is completely hidden from Issue Show view when the value is nil or 0.</p> <p>That is undesirable. The fact that there has not been a value set is valuable information and should be shown more explicit.</p> <p>My proposed change is the following code in the issues/show.html.erb Template:</p> <pre># override Redmine behaviour and always show the estimated hours but with empty value rows.right (:field_estimated_hours), (@issue.estimated_hours.present? @issue.total_estimated_hours.to_f > 0) ? issue_estimated_hours_details(@issue) : ", :class => 'estimated-hours'</pre> <p>What do you think of it?</p>

Revision 15906 - 2016-10-10 10:30 - Jean-Philippe Lang

Do not hide estimated_hours when field is not disabled (#24015).

History

#1 - 2016-10-08 10:20 - Jean-Philippe Lang

- Assignee set to Jean-Philippe Lang
- Target version set to 3.4.0

I agree, it used to be hidden if empty for people who do not want to use it. But now that we can enable/disable standard fields on each tracker, we should not hide it when it's enabled.

#2 - 2016-10-10 10:30 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in r15906.
