Description Hi, we have projects that run for more than 24months and it is necessary to print a gantt chart over the whole project. I'd like to increase it. I suppose, changes necessary are in: lib/redmine/helpers/gantt.rb line 68: replace 24 by any number you like. Maybe we can make this a setting? Additionally, the PNG generation needs some adaptation to fit the entire sheet on one page (font size, month/year shortened to month/2-digit-year)
