#### Description

Our date format is set to UK (dd/mm/yyyy) in the site settings and the web pages correctly display this format. However, when exporting a project timelog details report, the date format in the CSV file is US (MM/DD/YYYY) so isn't using the settings format.

#### System Details:

Mac OS X Server 10.5.6

SQLite 3.4.0 (from MacPorts)

Ruby-1.8.6

Rails-2.1.2

SVN-1.5.4
