

Redmine - Patch #24938

Update tr.yml for general_first_day_of_week

2017-01-27 12:15 - ozgur yazilimas

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: I18n	Estimated time: 0.00 hour
Target version: 3.4.0	
Description	
In Turkey, first day of week is not Sunday, it is Monday. Could you please change general_first_day_of_week value is to "1" for new release?	

Associated revisions

Revision 16343 - 2017-03-01 04:54 - Toshi MARUYAMA

use Monday for general_first_day_of_week in Turkish (#24938)

Contributed by ozgur yazilimas.

History

#1 - 2017-01-27 12:49 - Toshi MARUYAMA

- Category set to I18n

#2 - 2017-01-30 06:17 - Go MAEDA

- File ios-set-region-to-turkey.png added

- File ios-calendar-start-from-monday.png added

- Target version set to 3.4.0

Although I don't have knowledge about Turkish calendar, I think that the matter pointed out by ozgur yazilimas is correct.

- default value for firstDay of jQuery UI date picker is 1 (Monday) in Turkish language: source:tags/3.3.2/public/javascripts/i18n/datepicker-tr.js#L29
- iOS shows a calendar starting from Monday if I set its region to Turkey.

ios-set-region-to-turkey.png

ios-calendar-start-from-monday.png

#3 - 2017-03-01 05:33 - Toshi MARUYAMA

- Status changed from New to Closed

Committed in trunk r16343, thanks.
