| <b>Category:</b> Custom fields   | <b>Estimated time:</b> 0.00 hour |
| <b>Target version:</b> Candidate for next minor release  |                                  |
| <b>Resolution:</b>   |                                  |
| <b>Description</b>   |                                  |
| It would be very useful if we can set current date to a date format custom field when we create a new issue. |                                  |

#### History

##### #1 - 2017-02-08 15:01 - Go MAEDA

- Related to Feature #20382: Date Custom Field Defaut Value added

##### #2 - 2018-08-30 09:42 - Mizuki ISHIKAWA

- File `add_current_date.patch` added

I wrote a patch to realize this feature.

Implementation for setting the default value to current date may not be the best way.

Feedback is welcome.

##### #3 - 2018-09-01 06:58 - Go MAEDA

- Target version set to Candidate for next minor release

Thank you for sharing the patch. The patch looks fine.

##### #4 - 2018-10-01 01:19 - Go MAEDA

- Target version changed from Candidate for next minor release to 4.1.0

What do you all think about this patch? Feedbacks welcome.

##### #5 - 2019-06-20 10:01 - Jean-Philippe Lang

- Target version changed from 4.1.0 to Candidate for next minor release

*Feedback is welcome.*

Thanks for your patch. It's a usefull feature but this patch has the side effect that it makes the string "current\_date" a valid value for date custom fields.

I think we need a different approach.
