

Redmine - Patch #2506

Trac importer duplicates tickets custom field values

2009-01-14 09:45 - Jm Delehay

Status:	Closed	Start date:	2009-01-14

Target version:	0.8.1		

Description

Trac importer makes doubles in issues custom field values.

Trac importer :

- creates a line in custom_values table with a NULL value when creating issue
- creates another line in custom_values table when parsing Trac custom values.

It should create/update only 1 line.

NB : I use MySQL InnoDB.

This patch is a workaround, but needs improvement.

Associated revisions

Revision 2280 - 2009-01-18 12:54 - Jean-Philippe Lang

Fixed that Trac importer was creating duplicate custom values (#2506).

Revision 2307 - 2009-01-24 13:11 - Jean-Philippe Lang

Merged r2280 from trunk (#2506).
