

## Redmine - Feature #25209

### Option for users to add values to list / key/value custom fields

2017-02-27 12:44 - Felix Schäfer

|  |                                  |
|--|----------------------------------|
| <b>Status:</b> New   | <b>Start date:</b>               |
| <b>Priority:</b> Normal  | <b>Due date:</b>                 |
| <b>Assignee:</b>   | <b>% Done:</b> 0%                |
| <b>Category:</b> Custom fields   | <b>Estimated time:</b> 0.00 hour |
| <b>Target version:</b>   |                                  |
| <b>Resolution:</b>   |                                  |
| <b>Description</b>   |                                  |
| Additional option for the list or key/value custom field types where users could add new values to the list, with a mechanism similar to adding new categories or versions from the issue edit pane. Also see #25208 for more details. |                                  |

#### History

##### #1 - 2017-03-28 10:41 - Toshi MARUYAMA

- Related to Feature #25208: Autocomplete option for text custom fields added

##### #2 - 2018-02-23 14:41 - Sebastian Paluch

+1

key/values for a custom fields should be project specific, just like categories.

##### #3 - 2018-04-24 13:00 - Bernhard Rohloff

+1

This could be very handy, even if it's not project specific...

##### #4 - 2019-03-27 01:28 - Ricky Myers

+1 This is would be super useful

##### #5 - 2020-02-05 00:13 - Jérôme BATAILLE

Hi, we have developed a plugin that replies partially to this need :

Allows to add values to new type custom fields, in each project configuration :
