Redmine - Defect #25301

"Related issues" list in version type custom field detail

2017-03-10 13:22 - Anton Emil

Status:ClosedStart date:Priority:NormalDue date:

Assignee:

Category: Custom fields Estimated time: 0.00 hour

Target version:

Resolution: No feedback Affected version: 3.3.2

Description

When we look at the details of a version type custom field, there isn't this Related issues list, but the issue list of default version field is OK.
