### History

#### #1 - 2008-01-29 06:46 - Panta Rhei

new patch including Michael's changes.

this patch changes the description on activities page.

instead of linking the complete comment the author is now linked. format: link([author]) [time] [revision]

so you have all important informations at a glance.

so much clearer, for me at least.

should only effect repository changes.

this patch supersedes all previous attached and posted patches.

#### #2 - 2008-01-29 05:31 - Michael Pirogov
