

Redmine - Patch #26534

Allow project bulk edit of time entries

2017-07-26 00:17 - Marius BĂLTEANU

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:	4.0.0		
Description			
This issue follows #588#note-28 and adds the project field to bulk edit mode for time entries.			
<ul style="list-style-type: none">- Activity field is updated on project change (actually, the entire form is replaced on project change)- Issue autocomplete is available only for bulk editing of time entries from the same project- Added the "Clear" checkbox to the issue field.- Moved the method "bulk_edit_error_messages" from issues_helper to application_helper because now it is used by both entities (issue and time entry).
