<b>Resolution:</b>	Fixed		

#### Description

Hello,

I have recently upgraded to the latest RM 3.4.2 and I had an issue reported to me where view filters are being cut off from being displayed when multiple select is enabled. This causes issues for my users as they can not distinguish between items they would like to select.

Please see screenshots below of single select (which is working normally) and multiple select of view filter options:

#### Single Select

Single\_Selection\_List\_working.PNG

#### Multiple Select

Multiple\_Selection\_List\_issue.PNG

I attempted to make some adjustments to the application.css files within the stylesheet directories of both Redmine Root and of my custom theme stylesheet directory, but I am a Ruby on Rails novice at best; so could not make any headway here.

I was able to verify that on my prior Redmine 3.3.0 instance, this issue is not present. Additionally, the issue is present even when plugins are removed from current Redmine instance. Please advise.

#### Environment:

Redmine version	3.4.2.stable
Ruby version	2.3.4-p301 (2017-03-30) [x86_64-linux]
Rails version	4.2.8
Environment	production
Database adapter	Mysql2

#### SCM:

Subversion	1.9.5
Git	1.7.1

#### Redmine plugins:

redmine_agile	1.4.4
redmine_checklists	3.1.6
redmine_gitlab_hook	0.1.3
redmine_landing_page	0.1.1
redmine_status_history	1.0.0
redmine_wiki_extensions	0.8.0

## Associated revisions

---

### Revision 16921 - 2017-07-30 18:34 - Jean-Philippe Lang

Removes max width on filter selects introduced in r15603 (#26568).

Patch by Toshi MARUYAMA.

### Revision 16922 - 2017-07-30 18:34 - Jean-Philippe Lang

Merged r16921 (#26568).

## History

---

### #1 - 2017-07-28 19:28 - Toshi MARUYAMA

- *Description updated*

### #2 - 2017-07-28 20:08 - Toshi MARUYAMA

- *Category set to UI*

- *Status changed from New to Confirmed*

### #3 - 2017-07-28 20:14 - Toshi MARUYAMA

- *Target version set to 3.4.3*

It seems caused by r15603.

Workaround:

```
diff --git a/public/stylesheets/application.css b/public/stylesheets/application.css

### #4 - 2017-07-28 20:54 - Oscar Santos

Removing "max-width:200px" at line 482 from application.css does nothing for me. Even raked DB and restarted web service. Any suggestions?

Did you clear your browser cache?

**#6 - 2017-07-28 21:10 - Oscar Santos**

Browser cache strikes again! Yeah that did it. Thanks. >\_<

**#7 - 2017-07-30 18:34 - Jean-Philippe Lang**

- Status changed from Confirmed to Closed
- Assignee set to Jean-Philippe Lang
- Resolution set to Fixed

Max width removed.
