

## Redmine - Defect #26627

### Editing issues no longer sends notifications to previous assignee

2017-08-04 21:07 - Rocket Lee

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Jean-Philippe Lang	<b>% Done:</b>	0%
<b>Category:</b>	Issues	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	3.4.3	<b>Affected version:</b>	3.4.2
<b>Resolution:</b>	Fixed		
<b>Description</b>			
Editing issues no longer sends notifications to previous assignee.			
This is happening because of the change made in #25794, which changed app/models/journal.rb from after_create :send_notification to after_commit :send_notification, :on => :create. This is causing clear_assigned_to_was() in app/models/issue.rb to be called before the notifications are being generated and so the previous assignee variable is already set to nil when it's time to send the notification. after_commit runs too late.			
I know this affects up through 3.4.2, but I don't know how it affects the new master.			
Here's the specific line change: <a href="https://github.com/redmine/redmine/commit/9439cae70fab58b8cafdd753aa83135d4279345d#diff-b3b2ca7a3d44a3146792e51535d4cd5">https://github.com/redmine/redmine/commit/9439cae70fab58b8cafdd753aa83135d4279345d#diff-b3b2ca7a3d44a3146792e51535d4cd5</a>

#### Associated revisions

##### Revision 17002 - 2017-10-15 18:43 - Jean-Philippe Lang

Editing issues no longer sends notifications to previous assignee (#26627).

#### History

##### #1 - 2017-08-05 05:55 - Toshi MARUYAMA

- Related to Defect #25794: Mass-deleted attachments are not represented correctly in email notifications added

##### #2 - 2017-08-05 05:58 - Toshi MARUYAMA

- Status changed from New to Confirmed

- Target version set to 3.4.3

Confirmed.

I don't know why "test\_update\_should\_notify\_previous\_assignee" does not catch.
