

Redmine - Defect #2669

Square brackets in SVN comments (and probably elsewhere)

2009-02-05 00:16 - Alex Popov

Status: New	Start date: 2009-02-05
Priority: Normal	Due date:

Target version:	Affected version:
Resolution:	

Description

I noticed that square brackets in SVN comments are rendered incorrectly in repository view.

What's interesting that the top part (Repository) of /repositories/show/project_name view will display them correctly:

```
... 6 days          J Doe  [Batch Data Transfer - Outstanding Issues - 1.4...
```

while the bottom part (Latest revisions) will replace everything up to the closing bracket with "/>"

```
... 01/28/2009 10:03 PM    J Doe  /> modified error logging to include
```

My info:

```
Ruby version          1.8.6 (i386-mswin32)
RubyGems version      1.3.1
Rails version         2.1.2
Active Record version 2.1.2
Action Pack version   2.1.2
Active Resource version 2.1.2
Action Mailer version 2.1.2
Active Support version 2.1.2
Environment           development
Database adapter       mysql
Database schema version 101
svn, version 1.5.4 (r33841)
MySQL: 5.0.45-community-nt
```
