| Description | |
| <p>Would you please consider the feature of extending the issue's visibility for the role to this issue's watchers? This is a moderate choice for administrator between the none-private and assign & author. Maybe there's influence for current role's authorization. You guys please think about it. Thank you so much.</p> | |

History

#1 - 2017-09-20 16:05 - Go MAEDA

- Duplicates Feature #8488: Create an 'Involve' mechanism to private issues added

#2 - 2017-09-20 16:05 - Go MAEDA

- Duplicates Patch #23546: Issue visibility "watched by, created by or assigned to" for roles added

#3 - 2017-09-20 16:07 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Duplicate

I am closing this issue as a duplicate of #8488 and #23546.

Jean-Philippe Lang said that he does not want to implement this feature because it is confusing for users if a watcher is used for such purpose. Please see #7412#note-13.

Anyway thank you for posting an issue.
