<b>Target version:</b>		<b>Affected version:</b>	3.4.2																				
<b>Resolution:</b>																							
<b>Description</b>																							
<p>The forgot password link on the login page is not accessible to VoiceOver on iOS. When swiping left-right it just reads "Password lost password" but doesn't let you click on it. I have to hunt for the link with my finger.</p> <p>Even on Jaws on Windows the "Lost Password" link is not in the tab order. However it can be worked around since Jaws can find all links on the page.</p> <p>I believe it's because the &lt;a&gt; is inside the &lt;label&gt; for the password field.</p> <p>Environment:</p> <table><tr><td>Redmine version</td><td>3.4.2.stable</td></tr><tr><td>Ruby version</td><td>2.4.2-p198 (2017-09-14) [x86_64-linux]</td></tr><tr><td>Rails version</td><td>4.2.8</td></tr><tr><td>Environment</td><td>production</td></tr><tr><td>Database adapter</td><td>Mysql2</td></tr></table> <p>SCM:</p> <table><tr><td>Subversion</td><td>1.8.10</td></tr><tr><td>Mercurial</td><td>3.1.2</td></tr><tr><td>Bazaar</td><td>2.7.0</td></tr><tr><td>Git</td><td>2.1.4</td></tr><tr><td>Filesystem</td><td></td></tr></table> <p>Redmine plugins:</p> <p>no plugin installed</p>				Redmine version	3.4.2.stable	Ruby version	2.4.2-p198 (2017-09-14) [x86_64-linux]	Rails version	4.2.8	Environment	production	Database adapter	Mysql2	Subversion	1.8.10	Mercurial	3.1.2	Bazaar	2.7.0	Git	2.1.4	Filesystem
