

Redmine - Feature #27128

Ability to choose default sort by column for all projects

2017-10-05 13:11 - Aleksandar Pavic

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Issues list	Estimated time: 0.00 hour
Target version:	
Resolution: Duplicate	
Description	
Much like what's available when new saved query is created.	
Preferably it should be shown in admin Settings Issue tracking	
at Default columns displayed on the issue list section.	
For example, from saved queries page: !2017-10-05 13_10_30-RCOM.png!

+1

We should have the same options as when we create queries.

Default sort seems also important to me.

#3 - 2021-11-05 20:55 - Marius BALTEANU

- Status changed from New to Closed

- Resolution set to Fixed

In the upcoming Redmine version:"5.0.0", you will be able to set a default issue query at global/project and user level (#7360). In this way, you will be able to set the default sorting.

Adding a new setting only for this is not useful anymore, so I'm closing this, please reopen if I'm wrong.

#4 - 2021-11-05 20:55 - Marius BALTEANU

- Resolution changed from Fixed to Duplicate

#5 - 2021-11-05 20:55 - Marius BALTEANU

- Related to deleted (Feature #7360: Issue custom query: default query per instance, project and user)

#6 - 2021-11-05 20:55 - Marius BALTEANU

- Duplicates Feature #7360: Issue custom query: default query per instance, project and user added
