

Redmine - Defect #27296

Custom Query roles aren't per project

2017-10-25 01:02 - Jon Schell

Status:	Needs feedback	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	3.0.3
Resolution:			
Description			
<p>When creating a custom query, and it's set to only be visible to certain roles, as long as a user has that role on any project then the query is visible, even if they don't have that role in the particular project the user is looking at.</p>			

History

#1 - 2017-11-23 07:52 - Toshi MARUYAMA

- Status changed from *New* to *Needs feedback*

I think it is fixed by #20427.

#2 - 2017-11-24 02:34 - Go MAEDA

- Category changed from *Issues filter* to *Issues*

Please try updating your Redmine to version 3.0.5 or later.
