Redmine - Defect #28120

Problem with set Version in issue via REST api.

2018-02-01 10:33 - Bartłomiej Ekiert

Status:	New	**Start date:**	
Priority:	High	**Due date:**	
Assignee:		**% Done:**	0%
Category:	REST API	**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	3.4.4

Description

When i send a request to create or update issue via API i get respone:
that the Target version is not set. In the documentation you write:

fixed_version_id - ID of the Target Versions (previously called 'Fixed Version' and still referred to as such in the API)

This out of date. I set fixed_version_id ant this not working now. I use redmine 3.4.4.
