<b>Target version:</b>	3.3.8	<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		

#### Description

Please see the screenshot below. Syntax highlighter does not work if "Text formatting" is set to "Textile" and the language name is enclosed by single quotation marks. The Textile formatter should accept single quotation marks as well as double quotation marks.

The screenshot shows a Rich Text Editor (WYSIWYG) interface. At the top, there are buttons for Bold (B), Italic (I), Underline (U), Strikethrough (ABC), Code (C), and heading levels (H1, H2, H3). Below the buttons, there are two code blocks. The first block contains the code: 

```
<pre><code class="ruby">puts "Hello Redmine."</code></pre>
```

 This code is rendered with syntax highlighting: "Hello Redmine." is in red. The second block contains the code: 

```
<pre><code class='ruby'>puts "Hello Redmine."</code></pre>
```

 This code is rendered in plain text without highlighting. Below the code blocks, there is a checkbox for "Private notes", a "Save" button, and "Preview | Cancel" links. At the bottom, there is a "Notes" section with two text boxes, one containing the highlighted code and the other containing the plain text code.

#### Associated revisions

##### Revision 17322 - 2018-05-02 04:27 - Go MAEDA

Fix: Syntax highlighter does not work if language name is single-quoted (#28469).

Patch by Mizuki ISHIKAWA.

##### Revision 17323 - 2018-05-02 04:29 - Go MAEDA

Merged r17322 from trunk to 3.4-stable (#28469).

##### Revision 17324 - 2018-05-02 04:30 - Go MAEDA

Merged r17322 from trunk to 3.3-stable (#28469).

#### History

##### #1 - 2018-04-16 01:59 - Mizuki ISHIKAWA

- File *add-single-quoted.patch* added

I think it is natural to use single quotes.  
I wrote a patch to fix this defect.

I forgot to write a test.

I appreciate your advice.

This is the patch that added the test.

**#4 - 2018-04-30 04:46 - Go MAEDA**

*- Target version set to 3.3.8*

LGTM. Setting target version to 3.3.8.

**#5 - 2018-05-02 04:31 - Go MAEDA**

*- Status changed from New to Closed*

*- Assignee set to Go MAEDA*

*- Resolution set to Fixed*

Committed to the trunk and stable branches. Thank you for fixing this issue.

**#6 - 2018-07-01 04:40 - Go MAEDA**

*- Has duplicate Defect #14443: Property class in <code> inside <pre> does not accept a single quotes added*
