

Redmine - Defect #28882

GDPR compliance

2018-05-25 14:15 - Bernhard Rohloff

Status:	Confirmed	Start date:	
Priority:	High	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Website (redmine.org)	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description <p>Today the General Data Protection Regulation (GDPR) comes into effect. The regulation could cause severe damage to a non compliant community project, even if it's a non profit one. As Richard Rauch mentioned on the forum redmine.org doesn't seem to comply to the new laws.</p> <p>I think GDPR compliance for redmine.org should get checked ASAP. Perhaps the guys at Planio have some useful advise for their project mother ship.</p>

Thanks Bernhard for opening this ticket. I agree with you that we should do some changes.

Adding Jan as watcher, maybe he can help us to solve the GDPR compliance faster.

- Status changed from New to Confirmed

Thank you for pointing this out, we're working on it.

Hi,

I would like to know if you plan to add this GDPR compliance to a future version of Redmine.

I'm working with a client to apply this great tool for its support but without a GDPR compliance, I will not be able to deploy it.

As a first step, just a fit-gap could be very interesting.

Thanks a lot.

I'm also very interested about GDPR status for Redmine.

Thanks a lot.

Regards.
